

The Light Center is seeking investors, partners and interns to join us in pioneering an

ECOVILLAGE

SMALL FARM--Near Baldwin City, KS, just over one hour from K.C. and 30 mins. south of Lawrence. Have 10 acres being used as a small retreat center. We grow a wide range of vegetables using organic and permaculture principles and have loads of blackberries, black and red raspberries. We have a flock of chickens for eggs and a cute rabbit. . Also steward 25 additional acres of totally natural wildlife sanctuary loaded with deer and turkey. Just 5+ miles off of a highway but secluded enough to have privacy and quiet. Also still enjoys a brilliant night sky. Existing well, water purification system and rainwater collection. Have old farmhouse occupied by people who are starting a CSA with vegetables and eggs. Also a 100-year-old barn that serves as communal space for guests, retreats and workshops...includes full kitchen and shower.

SEEKING partners who can invest in shared ownership of the property and build their own home or small portable cabin. Some rental opportunities may be available.

APPRENTISHIPS: We welcome WWOOFERS (see: WorldWide Opportunities on Organic Farms) and other garden volunteers and interns. Volunteers are welcome to participate in all aspects of garden preparation, growing, harvesting and processing fruits and vegetables. Work exchange is possible with share of food costs and preparation. While visiting at The Light Center you can enjoy our amazing library and may be exposed to other interesting guests and retreatants.
